

My name is Ken Montenegro and I am running for a second term as Vice President of the National Lawyers Guild (NLG).

I have been a member of the NLG for over 10 years and during that time I have served on the Executive Board of the Los Angeles chapter as well as in national leadership. Since my law school days, the NLG has been my primary political home.

Over the years, I have been fortunate to learn how to support organizational work through a diversity of board experiences in both large and small organizations. I bring that experience to the National Executive Committee, the NEC.

I am also very proud of my community work in Los Angeles focusing on supporting migrant rights and anti-state violence groups. Professionally, I am a lead technologist at the Center for Constitutional Rights in New York City.

It is my hope that my second term as Vice President allows me to play a role in supporting our leaders, strengthening our infrastructure, and building better governance. At this critical juncture, the NLG needs to have better processes and infrastructure so that we can be more responsive and accountable to community partners and movements.

Thank you for your consideration and work in the NLG.
